Chiusure . Closings

Tenda a caduta verticale con cassonetto, dotata di guide antivento. Profilo terminale a scomparsa nel cassonetto. Sistema di scorrimento del telo vincolato nelle guide tramite cerniera a zip, dal sistema brevettato, ottenendo una chiusura pressoché ermetica. Cassonetto ispezionabile, predisposto per attacco a parete o soffitto. Si integra perfettamente al profilo piantana da 13 cm. Per tende con telo completamente in PVC CRISTAL misure massime garantite e consigliate: 3 mt. di larghezza per 2.5 mt. di altezza. Durante l'avvolgimento del telo potrebbero crearsi alterazioni quali, restringimenti, ondulazioni e grinze da considerarsi caratteristiche fisiche del telo stesso.

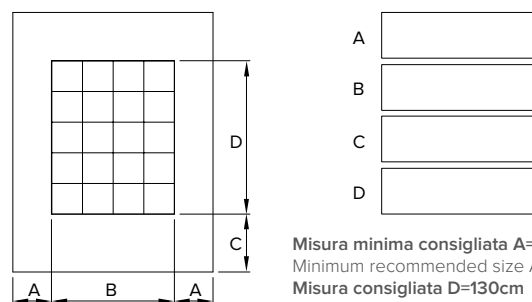

Vertical blind with cassette, provided with side windproof rails. Hidden end profile in the cassette. Sliding cloth zipped in the side rails, with patented system, getting a quite hermetic closing. Inspectable cassette, arranged for wall, ceiling mounting. It perfectly complements the 13-cm pole profile. For awnings with canvas made entirely of PVC CRISTAL maximum measurements guaranteed and recommended: 3 mt. wide by 2.5 mt. height. The wrapping of the cloth could create some alterations as shrinking, undulations and creases, which should be considered as physical features of the fabric itself.

Vista interna . Inner point of view

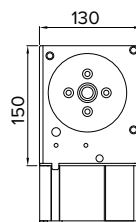

Disegno per eventuale finestratura (vista interna).

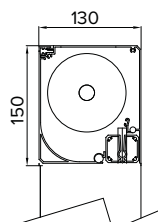

Drawing for eventual windows (inner point of view).

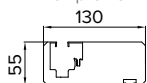

Per attacco a soffitto o parete frontale, fissaggio da interno cassonetto.
For ceiling or wall mounting, installation from the inner part of the cassette.

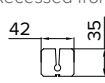

Lato ispezionabile
